

MEDIA RELEASE

'DS4SEQ' – QUEENSLAND'S NEWEST POLITICAL PARTY

DS4SEQ – the Daylight Saving for South East Queensland Party is now officially a Queensland State Political Party.

DS4SEQ is a single issue Party, with the sole objective of implementing Daylight Saving into the South East Queensland region, under a dual time zone proposal. The Party has no other policies, no other agenda, and will not offer comment on any other issue. In this way, DS4SEQ will give people a clear opportunity to have their say on daylight saving in South East Queensland.

Daylight Saving is a lifestyle and business choice, and one that the majority of South East Queenslanders would like to have. Despite this, the subject continues to be evaded by the major political parties.

The people of South East Queensland have had no voice on this matter and no way to show that Daylight Saving Time IS an election issue – until now! These are the people who we will ask to vote DS4SEQ number '1', in the next State election.

The dual time zone proposed by DS4SEQ, represents a real alternative that reflects the geographic reality and demographic diversity of the State. This compromise respects the needs of regional and rural Queenslanders, while also giving fair consideration to the view of the majority of the residents of South East Queensland.

We continue to encourage people who would like daylight saving time introduced into South East Queensland, to show their support by visiting our website and joining DS4SEQ as a member. Membership is free. The more members, the greater the pressure that can be applied to the major parties on the issue of daylight saving, to ensure that the people of South East Queensland are no longer ignored.
